THE LETTERS OF MISS JERUSA ABBOTT

ANY ORPHAN

Rear Elevation Front Elevation

Nobody here knows that I was brought up in an asylum. I told Sallie McBride that my mother and father were dead, and that a kind old gentleman was sending me to college – which is entirely true so far as it goes. I don't want you to think I am a coward, but I do want to be like the other girls, and that Dreadful Home looming over my childhood is the one great big difference. If I can turn my back on that and shut out the remembrance, I think I might be just as desirable as any other girl. I don't believe there's any real underneath difference, do you?

Anyway, Sallie McBride likes me!

Yours ever,
 Judy Abbott
 (Née Jerusha)

He was a famous artist who lived in Italy in the Middle Ages.Everybody in English Literature seemed to know about him, and the wholeclass laughed because I thought he was an archangel. Doesn't even have to change out of his pajamas and makes seven figures a year." Lucky bastard, indeed. I'm sorry but our policies are clear. His ex didn't live in West Texas, rather on the West Coast. Then over his headset came two words: "Sixty seconds." "Copy that, Alpha One," said Jacobs. The Challenger flew past the red, missing an oncoming taxi by inches. Hadn't he? Or as a family acquaintance with a neighboring ranch. The angel smiled, but it wasn't pleasant. She'd taken some care with her makeup, but, judging by the way her eyes were shining, it wouldn't last long. "Don't be ridiculous," I say to him. "Promise?" I make a cross over my heart." His battle instincts were humming now. His eyes fall to what little cleavage is peeking o ut of my shirt, and then he looks at the suitcase by my side. In a career that had spanned nearly fifty years, Eve Benedict had known the highs, and the lows, and used both to forge herself into what she wanted to be. Everyone knew that Cinderella had to scrub the floors before she could win the handsome prince. He leans over the ledge and lets an arm dangle as he stares down at the street. And I fought back a yawn. My father sighs and leans back against the couch. Beatriz made a mental note to give the bellhop a good tip. But something about him bothers me. She stepped from the sidewalk." He waited until she complied, then he sat across from her. Kids? As always, she felt that quick rush of satisfaction at the knowledge that her body responded so automatically. I'm doing my best to help her, to fill in the gaps. Izzy could look at her situation and see just that. She managed a small snort of disgust. She was twenty-three and her kisses were soft summer rain. Bound to. Have you considered what it meant for Alia to be born into this universe fully cognitive, possessed of all her mother's memories and knowledge? My eyes are usually as brown as my hazelnut hair, but right now, they look ten shades darker, thanks to the bags under them. With luck, if the storm moved south toward the Gulf of Mexico, there might be rain in New Orleans by morning. She wanted me to talk to Mr. Moser. When Papa overspent their income, and the maid was dismissed, she told herself the drudgery would pay off someday. "Which one?" "Warpaint." "Yes, but..." I really had no defense. "One piece at a time," the angel hissed, dangling something papery and drenched in dark liquid over Hank's whirling vision. When she saw what I had done to the wall, she realized that something had changed with me. And then a bright orange beacon parked near the end of the block gave him clarity. A Therian doctor who Dex recognized as one of several who'd come out when the EMTs had arrived with Sloane, came barging through the door and into the waiting area, straight to Tony. I hold on tight, pray the pain will pass. Talking dirty still made me feel uncomfortable but it was rapidly becoming second nature. I keep my left hand wrapped tightly around the doorknob and hold the door shut so the guy won't fall completely into the apartment. After several seconds, Ms. Fielding found her voice. Please, don't deny me this time with him." The doctor looked like he was going to politely refuse once again, but instead he let out a resigned sigh. He believes that you haveoriginality, and he is planning to educate you to become a writer.' "A writer?" Jerusha's mind was numbed. She could smell bread from the bakery. I open the staff room door, literally throw my bag onto the kitchenette counter, and run back to the register to log on. I rolled my eyes. So, here he was killing time in the local honky-tonk, wondering how he'd get through the next month and a half without going insane. He carried her to the passenger side of his truck, burned rubber over the snake and drove her home, keeping hold of her hand as she sobbed. Taken. We were all terrified of him, and he knew it. "You don't look familiar," she said. The judge was standing behind the bench speaking to his adjutant. He keeps tabs on all the stock handlers. You must remember that you arewriting to a Trustee of the John Grier Home." Jerusha's eyes longingly sought the door. Ironically, given Woolf's reputation as a highbrow, it became a bestseller in the United States, even being published in an Armed Services edition. Instead, a different girl was there and this one was a doozy. And, then at the age of thirty, a fiction writer. "You don't owe me nothin', Cash. I didn't account for how cold it would be up here, though. "Okay, I'll go.
